

Jesus recognized the value of childhood. He did not see children for who they could be, but rather celebrated the wonderful state of being a child. At Tabernacle, we value and love each child as one of God's special creations.

Children in 1st-6th grade are beginning to make new and important decisions that will affect their lives forever. Tabernacle's Bible Study classes are designed to help parents lay a spiritual foundation while helping children to see Christ. Listed below are the classes offered, as well as their location and leaders.
