

TABERNACLE

BAPTIST CHURCH

COVID-19 Scheduling Update

We are continuing to take direction from local leaders and are constantly monitoring the COVID-19 situation. **We will not meet on our campus this Sunday morning, March 29, but we will offer an online worship service and we will continue to evaluate Sunday morning gatherings on a one week basis.** All other activities and events in our church building have been cancelled through Tuesday, March 31.

Additionally, for the safety of our employees, the church office is closed to the general public, but our staff is working on-site and remotely depending upon the situation. However, someone is on call to answer the church phone in order to respond to any church or community needs. This may change further, and we will communicate with you as more information is available. We invite you to pray with us during this time as we look forward to the day when all normal activities can resume.

Giving During COVID-19

The ministry of Tabernacle Baptist Church continues during this difficult season for our world. Even with an altered meeting schedule, we would like to encourage you to give normal tithes and offerings as God leads. Our office is currently closed to the public. However, a locked safety deposit box has been installed outside the office door and you may drop your gift in the box. You may also mail in your gift, give online, or text "tabernacle150" to 73256.
